Bosch microwave ovens with automatic weighing systems can calculate the energy needed for thawing, cooking or both at the same time. You set the programme, the microwave does the rest so you get your food at its best. Cooking on AutoPilot is the future. No need to worry about calculating how long you need to cook meals for. Simply put the food in, enter the weight, select the cooking programme and let the microwave do the rest. With the AutoPilot automatic mode, you automatically get superb results. Because of the way a Bosch microwave oven works, food is cooked at a constant level. This means your meals can be thawed or cooked quickly and evenly, so you always get consistently excellent food. Dishes that are only halfcooked or still frozen in the middle are a thing of the past with Bosch microwave ovens. Preparing small portions in particular is much quicker and more economical with a microwave than with a conventional oven, and frozen foods thaw out in minutes instead of hours. Our compact ovens with integrated microwaves are real allrounders which combine classic forms of

heating with the option to prepare your food really quickly. Compact ovens with integrated microwaves are available in a width of 60 cm. It can be integrated into the microwave opening of a highlevel cupboard. A compact appliance provides all the classic forms of heat of an oven in addition to the microwave function.<http://emproserbolivia.com/archivosusr/compair-118-manual.xml>

It will not take you more than a minute. Thank you. Preparing small portions in particular is much quicker and more economical with a microwave than with a conventional oven or cooker. And your frozen foods thaw out in minutes instead of hours. For example, you can thaw out something frozen first and then bake or roast it immediately. Working at the wrong height, for example, can really spoil ones love of cooking. The solution Our builtin microwaves that can easily be installed in a tall cupboard or wall unit at eye level. That way, you can always keep an eye on your breakfast croissants and hardly need to lift a finger, let alone bend down. If you need to heat up a cup of tea, bake your pizza with the grill function or thaw out frozen food. It saves you lots of time in later food preparation too. Of course you can also use a microwave for bigger containers and larger food items. Love it! Perfect temperature all the time. Looks fabulous built in. Its super easy to use with lots of different settings. Having a combined microwave was not something I had ever considered, but must say I love it. The cooking accuracy is excellent and I like that I can use the smaller oven space when needed plus having the additional oven when cooking for the whole family is extremely useful. Cleaning is easy and it looks great in my new kitchen alongside the matching built in oven.
